

Chassis Equipment Types

Our customers want the right chassis at the right time, with a variety of choices for every containerized load... Available in more locations than any other provider; TRAC's fleet consists of 276,000 active chassis in 602 Marine pool locations, 166 Domestic pool locations and 61 Depots across North America. Wherever you move cargo, TRAC is there.

Our chassis are well-maintained to meet Federally and locally mandated roadability laws. Our chassis are manufactured to provide high-reliability and feature components such as sealed beam LED lighting, extra-heavy-duty landing gear, specially coated brake shoes and locking mechanisms that better withstand damage.

While in service, TRAC Intermodal equipment is maintained and repaired under supervision of our depot and pool technical staff to assure our customers safe and reliable service.

Chassis come in sizes tailored to the containers they carry, with some chassis being "adjustable" for different containers. They are available for daily rentals at our pool locations, and for short or long term lease.

20' Chassis

Overall length 23'6"
Overall Width 8'
Carrying capacity (container size) 20' marine container
Carrying capacity (weight rating) 67,200 lbs.
Tare Weight 6,700 lbs.
Number of axles 2
Number of tires 8

40' Chassis

Overall length 40'8"
Overall Width 8'
Carrying capacity (container size) 40' marine container
Carrying capacity (weight rating) 67,200 lbs.
Tare Weight 6,700 lbs.
Number of axles 2
Number of tires 8

40' – 45' Extendable Chassis

Overall length 45'6"
Overall Width 8'
Carrying capacity (container size) 40' or 45' marine container
Carrying capacity (weight rating) 58,200 lbs.
Tare Weight 6,900 lbs.
Number of axles 2
Number of tires 8

53' Domestic Chassis

Overall length 53'6"
Overall Width 8'
Carrying capacity (container size) 53' domestic container
Carrying capacity (weight rating) 65,000lbs.
Tare Weight 7,450 lbs.
Number of axles 2
Number of tires 8

Specialized Equipment

40' Refurb with radial tires

Overall length 40'8"
Overall Width 8'
Carrying capacity (container size) 40' marine container
Carrying capacity (weight rating) 67,200 lbs.
Tare Weight 6,700 lbs.
Number of axles 2
Number of tires 8

Refurbished Chassis, "good as new" after it has been painstakingly stripped down to bare metal and rebuilt from the ground up. Featuring OEM Radial Tires and LED lights

40' TRAC TITAN Premium Marine Chassis

Overall length 40'8"
Overall Width 8'
Carrying capacity (container size) 40' marine container
Carrying capacity (weight rating) 67,200 lbs.
Tare Weight 6,700 lbs.
Number of axles 2
Number of tires 8

The TRAC TITAN 40' Premium Marine chassis is a proven performer under all conditions. Equipped with OEM Radial Tires, LED lights, PSI Automatic Tire Airing System, ABS, GPS.

TriAxles

20' TriAxle Chassis

Overall length 33'
Overall Width 8'
Carrying capacity (container size) 20' marine container
Carrying capacity (weight rating) 65,000 lbs.
Tare Weight 11,000 lbs.
Number of axles 3
Number of tires 12

Heavy haul chassis that can transport a 20' ISO container with loads up to 65,000 lbs.

20' Refurb TriAxle Chassis

Overall length 33'
Overall Width 8'
Carrying capacity (container size) 20' marine container
Carrying capacity (weight rating) 65,000 lbs.
Tare Weight 11,000 lbs.
Number of axles 3
Number of tires 12

This TRAC TriAxle is a completely refurbished 20' marine chassis, Outfitted with high-performance components: OEM Radial Tires, LED lights, ABS, GPS.

40' TriAxle Chassis

Overall length 40'8"
Overall Width 8'
Carrying capacity (container size) 40' marine container
Carrying capacity (weight rating) 74,000 lbs.
Tare Weight 8,450 lbs.
Number of axles 3
Number of tires 12

TriAxle Chassis carrying 40' container up to 74,000lbs.

40' Refurb TriAxle Chassis

Overall length 40'8"
Overall Width 8'
Carrying capacity (container size) 40' marine container
Carrying capacity (weight rating) 74,000 lbs.
Tare Weight 8,450 lbs.
Number of axles 3
Number of tires 12

Refurbished 40' TriAxle with premium specs: OEM Radial tires, LED lights, ABS, GPS.
